

BRIEF NOTES

Watessing.

—C. A. Venable returned from Idaho on Thursday.

—A Rifle and Drum Corps is being organized in Watessing.

—Thieves were operating in Watessing on Tuesday night. An attempt was made to enter the tobacco store of Calvin McCrory.

—Miss Rose Egbert, daughter of Rev. J. H. Egbert, the former pastor of the Watessing M. E. Church, was awarded four first prizes for painting and other artistic work at the Waverly Fair.

—Mr. George Pierce and Miss Jessie Thompson were married at the residence of Mr. Pierce's mother on Dodd street, Thursday night. The ceremony was performed by Rev. Elbert Clement.

—Messrs. Francis Law, Thomas Smith, Joseph Law, Jr., William Ellor, Joseph Law, Sr. and Arthur Ellor, met with great success on the occasion of their fishing excursion to Echo Lake.

—The members of the Township Committee visited Watessing on Monday, and saw the new sluiceway recently put down there. They also inspected Lawrence St. drainage, about which much complaint has been made.

—Frederick H. Pilch has been tendered the presidency of the first new Republican club of East Orange. Mr. Pilch addressed a large and enthusiastic Republican meeting in Franklin Hall on Wednesday night.

—An erroneous report appeared in a Newark Sunday paper, to the effect that two of Mrs. Francis Crowley's children died from scarlet fever. Mrs. Crowley was put to a great deal of annoyance by the false report. Fortunately no deaths have occurred among the cases lately reported.

—The Board of Trustees of the Watessing Free Library met Wednesday night. Messrs. F. H. Pilch, C. H. Hafpenny, Francis Law and Thomas Smith, of the building site Committee, reported that a lot suitable for the purpose could be purchased from Mr. Condit. The location is at the corner of Dodd and Lawrence sts. The board of trustees have received and discussed and they were instructed to make further inquiries and report next Wednesday night.

—Marion Casey, a young unmarried woman, was found unconscious in her bed on Tuesday morning, from taking an overdose of laudanum. Her sister, Mrs. Burke, said that the girl had suffered intense pain from toothache on the previous day and in her frenzied state of mind had partaken of a large dose of the opiate, regardless of consequences. A physician was summoned, through whose efforts the young woman was revived from her stupor and the fatal effects warded off.

A series of loud reports in rapid succession on Tuesday night, alarmed the people living near the Watessing depot. The noise came from the direction of the railroad, and as the 8.23 p. m. train had just left the station, many persons ran out expecting to see a wrecked train. It was learned that the noise was caused by the explosion of about fifty railway cartridges which someone had placed in a line on the track. The passengers in the cars were much shaken up. It is said that an investigation will be made.

Campaign Notes.

—The Jas. Crisp Battery (Democratic) paraded on Thursday night.

—The Bloomfield Battery (Republican) is reorganizing for campaign work.

—The Bloomfield Republican Glee Club went to Montclair on Tuesday night and Franklin Wednesday night.

—The Prohibition Engineer Corps will attend the debate in Library Hall, Bloomfield, next Wednesday evening.

—Sam Small, the noted revivalist, will address the Prohibition mass meeting of Bloomfield and Montclair Prohibitionists.

—Senator Griggs expose the fallacy of the teachings of the Montclair tariff reformers, and made the Wumpgums of that town wince on Tuesday night.

—Editor John S. Gibson, of Dover, is conceded to be one of the ablest speakers now before the public, on the question of tariff, as related to New Jersey interests.

—The James Crisp Battery appeared out with their new gun on Monday night. The gun is of brass highly polished and pronounced by all a handsome piece of work.

—The much-talked of tariff debate between Edmund A. Smith, of Glen Ridge, and Oscar Hale, of Fairview will take place on Wednesday night, Oct. 3d, in Dodd's Hall.

—A number of boys gave vent to their enthusiasm on the night of the Dickinson Battery parade, by breaking windows in the old mill on Bloomfield avenue known as Brower's mill.

—The members of the Colored Republican Club of Bloomfield, attended a mass meeting held in Orange on Wednesday night. They were accompanied by the Club Drum Corps.

—The Democrats of Bloomfield held their primary for the election of delegates to the State Convention on Monday night. William H. Courter, L. H. Benedict, and G. A. Mitchell were chosen.

—It is said that an investigation of the previous political career of many of the so called tariff reformers, who have announced themselves in favor of Cleveland reveals the fact that their conversion if there ever was any dates back to 1884.

—The Bloomfield Cleveland and Thurman Club held a mass meeting on Monday night. Joseph D. Gallagher of Glen Ridge; G. W. Hopping, of Bloomfield, and Joseph A. Boecher, of Newark, addressed the assemblage. The attendance was not large.

—The Dickinson Battery (Democratic) paraded on Monday night. The company made a fine appearance and elicited much admiration. They marched through all the principal streets. A serenade was tendered Adrian Dickinson at his residence on Bloomfield avenue.

—The Bloomfield Republican Battery elected the following officers on Wednesday night. President, Benjamin F. Baldwin; Vice President, Theodore Harvey; Secretary, W. L. Johnson; Treasurer, W. H. Johnson; Captain, Isaac Lyon; 1st Lieutenant, C. A. Davis; 2d Lieutenant, Louis Schief; Sergeant, Cass Drew.

—Hon. Herman L. Leitchback was re-nominated for Congress, Convention at Roseville, on Tuesday afternoon. Elias M. Condit was an aspirant for the nomination.

nation. That the latter had no chance of becoming the candidate on the informal ballot, near the close of which Mr. Condit withdrew. Mr. Leblanche's nomination was made unanimous.

—The call for Assembly District Conventions has been issued by the Prohibition County Committee. They are to be held before the 14th day of October. In the districts where the nominee of democrats or any other party shall be endorsed by the Prohibition voters, the County Committee will select a candidate, and run him on the Prohibition ticket.

—The Executive Committee of the Bloomfield Republican Club met on Monday night. A delegation from the recently organized Young Men's Club was present, and made arrangements to have the use of the S-sior Club headquarters, on the third Friday evening of each month. The Committee on speakers announced that Editor John S. Gibson, of the Dover Iron Era, would address the people of Bloomfield, next Tuesday. The meeting will be held in Loyal Hall.

—An enthusiastic banner raising took place at the junction of Broad street and Bellevue avenue last Friday night. The employees of Thomas Oaks & Co., woolen cloth manufacturers, displayed their loyalty to the Republican party and its principals by stretching a fine banner, with the portraits and names of Harrison and Morton, over a very large crowd was present on the occasion. Mr. Philip L. H. Pileh delivered an address. The Drum Corps of the Colored Republican Club furnished music for the occasion.

—The Republicans of Bloomfield held a primary on Monday night. Halsey M. Barrett presided. C. F. E. Davis filled the position of Secretary. The delegates chosen represented Bloomfield at the Congressional Convention at Roseville on Tuesday, and the State Convention at Trenton on Thursday afternoon. At the former the delegation consisted of Halsey M. Barrett, C. F. E. Davis, Jacob Scott, T. E. Hayes, L. H. Hewson and W. H. Rawson. At the latter W. H. Rawson, Frederick H. Pileh, A. G. Darwin, Oscar Hale.

* * * * *

The Care of the Poor.

The township poor-house is to be re-established and made habitable, and a matron is to be employed to take care of the inmates. This institution has not been kept up for the last few years, it being thought that the poor of the town could be more economically cared for otherwise. The increasing demands on Mr. Voorhees, the overseer of the poor, has moved him to recommend its re-establishment. There are cases of destitution and want that cannot be cared for outside of an institution of this kind, and is also recommended as a means for raising impostions; for with numerous appeals for help, many of which it would take too much time to investigate minutely, the overseer is very liable to be victimized by unprincipled applicants.

The overseer has on his hands at present the case of a woman and five children. The woman's husband has deserted her, and she is in absolute want.

Stopped to consider the case is out of the question; the family must be provided for at once.

—The case of the **LOW CHILDREN** was another in which the need of a public institution, instantly accessible, was well-illustrated. The town is now paying board bills for five numbers of these children. At the event of the East Orange Water Company being unable to meet the increasing requirements of two growing townships like Bloomfield and East Orange, and this is not at all improbable, one of the townships will no doubt cut off and Bloomfield will undoubtedly be the one. The town's extremity will then be some shrewd speculator's opportunity. There is nothing in this. See our report of the case well worth investigating.

Mr. Dodd, it is understood, purposes to sell the property to the township or if it is the opinion of the Township Committee that it will eventually be used as a water supply he agrees to hold it in reserve for that purpose.

* * * * *

A New Suburb.

Oakland is the name of an enterprising suburb of Bloomfield now becoming prominent. It is located east of the canal between Bellevue avenue and the N. Y. & G. L. R. R. A site has been set apart for the new suburb. The site is so small that at the event of the East Orange Water Company being unable to meet the increasing requirements of two growing townships like Bloomfield and East Orange, and this is not at all improbable, one of the townships will no doubt cut off and Bloomfield will undoubtedly be the one. The town's extremity will then be some shrewd speculator's opportunity. There is nothing in this. See our report of the case well worth investigating.

Mr. Dodd, it is understood, purposes to sell the property to the township or if it is the opinion of the Township Committee that it will eventually be used as a water supply he agrees to hold it in reserve for that purpose.

* * * * *

A Well Founded Complaint.

Michael Hickey, a resident of Hickory street, expressed his mind very freely before the town committee at its last meeting. Mr. Hickey complains of the way in which the street water runs into his cellar, owing to the stopping up of the culvert under Montgomery street, and the ditch leading to it. He stated that he had been endeavoring for the past five years, to have the authorities take some action in the matter. He had spoken to the Freeholders about it, and had called the attention of the board of health to it but still nothing was done. Mr. Hickey said that himself and his family were suffering from the water collecting in his cellar. There was a difference of opinion among the members of the committee as to whether the matter belonged to the County Board Road, the Board of Health, or the township authorities. Messrs Dodd and Fraund were appointed a committee to investigate.

ELEGANT CUSTOM GARMENTS we have now ready to put on.
\$10, \$12, \$13, \$14, \$15, \$16 PER SUIT.
OUR DRESS SUIT DEPARTMENT
occupies our New Store adjoining, which with one exception is as large in itself as
any clothing store in the city. It is stocked full of the Finest Suits ever manu-
factured. Don't fail to see them, for they cannot be duplicated for the money.
\$15, \$18, \$20, \$22, \$25 PER SUIT.
OUR PANTALOOON STOCK
is simply perfect, as we have given it special attention. We can show you a
handsome line of Perfect Fitting Pants at
\$2, \$2, \$4, \$5, \$6.
You will be surprised when you see them. We have always made a pet of our
Boys' and Children's Department.
And that is why all mothers rush to us to clothe the little fellows.
Boys' Cutaway Suits, \$8, \$10, \$12, \$15
Boys' Three-piece Knee Pant Suits, \$5, \$6, \$8, \$10
Boys' Two-piece " " " \$4, \$5, \$6, \$7

A. J. C. C.
PURE JERSEY or ALDERNEY MILK,
IN
GLASS BOTTLES!
PURE JERSEY or ALDERNEY MILK in QUART GLASS BOTTLES will be
supplied by me, and the patronage of the public is solicited.
The Milk offered is warranted perfectly pure, and is from imported Jersey Cattle.
The cattle are fed on the BEST of hay and feed, no feed being allowed them
which could impair the healthfulness of the Milk.
The stables and cattle are kept in the most perfect manner as to Cleanliness and
ventilation—a most important factor if healthy milk is desired. As a table article
beverage it recommends itself, showing a larger percentage of cream than any
other Milk sold. For travelers and children it is recommended by all physicians.
MILK IN GLASS HAS THE FOLLOWING ADVANTAGES:
1st. It is more cleanly than being exposed to odors and contamination, to blowing
it and dirt, to the rain, to the drip and dirt from the reins or hands of milk transported
in. Its quality may be seen at a glance by the cream at the top, and the color of
milk.
2d. It will keep sweet longer, because in delivering there is no churning (each
being filled to the stopper, and the bottles are kept cool in warm weather until
opened).
3d. Its flavor is better, because the air has no chance to act upon it, and be-
cause it is absolutely free from the metallic flavor often noticed in milk transported
in.
Parties wishing to be served can call at farm in Bloomfield, or send postal to
